Subject: 2nd Doce Pares World Convention

Kudos to all members for the highly successful World Convention on May 8-10 at Las Vegas, Nevada! We hope to have more like it in the succeeding years.

For his efforts Master Steve Wolk, the chief Architect and planner of the convention deserves our warmest thanks and congratulations and also the special commendation for a job well done. Of course, behind him were the great team of GM Dong Cuesta, Erwin Mosqueda and Nilo Baron.

Also to GM Tom Sipin, Big John Marquez, Steve del Castillo, Albert Mendoza, Keli Sipin and Nito Noval for their role in the Seminar-Workshop.

And to Eric Cruz for his hospitality, who also serves as our guide during our 3-day stay in Las Vegas.

Lastly, Gerald, myself and my entire family, give our heartfelt thanks to all those who extended their feeling of condolence to the loss of my wife Vicenta (Diana) who died April 1st and, in particular to those who gave cash donations, like the group of GM Dong Cuesta, Steve Wolk, Erwin Mosqueda, Nilo Baron and Sonny Mayo. We let you know that we already have accepted the fact of a great loss, but with your expression of sympathy, it gives us more strength to move on with our life.
